HEALED AND DELIVERED

*The Spirit of the Lord is upon Me,
Because He has anointed Me
To preach the gospel to the poor;
He has sent Me to heal the brokenhearted,
To proclaim liberty to the captives
And recovery of sight to the blind,
To set at liberty those who are oppressed.
(Luke 4:18)*

Healed Of Mental Illness And Nervous Breakdown S S Loh

I was brought up in a fervent Taoist family. Under my dad's influence, I even became a committee member in a temple. I grew up believing, as my dad did, that Jesus Christ was a god only for the white man. Christian friends and colleagues shared the gospel with me but to no avail.

My crisis began without warning one evening after work. For no reason, I began to feel terribly fearful. I was nervous, tense and afraid of the unknown even though I was successful in my career and was drawing a good income.

My condition worsened until I became paralysed with fear while in Sweden on a work assignment. I was attacked with nightmares of the death of my loved ones back home. The Swedish doctors gave me just enough tranquillizers for the flight back to Kuala Lumpur.

I sought psychiatric treatment and was prescribed high doses of tranquilizers. I was put on the ECT, a device which passes electricity to the brain. I was told that this would help stabilize my condition but would erase some of my memory. As a result of this treatment, my movements became slow and laboured. It frightened my wife.

I did not feel any better and I began to seek all manner of gods for help. Depressed and still fearful, I heard a voice continuously telling me to end my life. I could not be left alone in case I tried to do so.

At this point, my wife told her colleague about my condition. This colleague in turn told us about a Christian lady called Sister Jean who went around the hospitals praying for the sick. I was desperate to get well and anything would do as long as I could find healing. When we met, Sis. Jean shared the gospel with us. I had nothing to lose. Maybe this God could work. I received Christ and hoped for healing. A week later, my wife too became a Christian.

Relief did not come instantly. For almost a month, Sis. Jean and some brothers and sisters in Christ prayed for my deliverance almost every night from 8.00pm until the next morning. They fed me with powerful verses from the word of God that took root in my spirit and helped me overcome the severe depression. Their love and sacrifice touched me.

I experienced some initial comfort and my faith began to grow. I was determined to follow Christ and pester Him for more healing. **I continued to fast, pray and read the Bible.** As I was more and more delivered, God became more and more real to me. My whole perspective of Christianity changed. It was no longer a religion but a special relationship with Christ. **I began to seek Him and not just the healing.**

I began to change and could humble myself to ask for forgiveness from a colleague whom I had offended. Through

His grace, I endured persecution from hardened colleagues for not joining them in their activities anymore but standing firm on Christian principles.

Sis. Jean guided me in using the authority given to me as a son of God to overcome Satan and his host. For four years, I struggled. I experienced progressive healing and had many wonderful encounters with God that testified of His reality and love for me. When I took a step of faith to lead a cell group in my house, I was eventually totally set free.

As I look back, I see that the Lord knew the condition of my heart. If He had healed me instantly, I would have turned my back on Him and gone back to my former ways. I praise God for His goodness in that He loved me first when I had not loved Him yet.

My own experience has shown me that mental illnesses such as nervous breakdown are not only physical but also spiritual in nature. To be truly healed, one must first deal with the spiritual malaise, in Christ's name.

When we first met Brother Lob, he was so depressed and bound that he looked like a zombie. Initially, we prayed and prayed but had little result. Then one night as we were praying, he shook so violently that I had to get another brother to hug him so that he could be still.

When the demon spirits came out of Brother Lob, both men were forcefully thrown to the ground. Then he felt a great force coming out from his feet through his body and out from his face. He was on the floor for quite a while and told us he felt as though he had run a marathon. That was how his deliverance began.

Today, Brother S S Lob serves as a lay pastor in New Life Restoration Centre, Petaling Jaya.

Healed Of Large Tumour On The Neck Naranjan Singh

(testimony by his son, Jigeet Singh)

In 1997, my 73-year old dad had an operation to remove a tumour from his neck. After six months, however, the tumour came back. Even after taking three courses of antibiotics, there was still no improvement in his condition.

As I was telling my very good friend and customer, Dennis Chee, about this problem, he told me not to waste any more money sending my dad for a second operation. He advised me instead to tell my dad to pray to the Lord and to visit Pastor Jean Lim in Kuala Lumpur, Malaysia.

So my dad and I decided to visit Pastor Lim and her House of Prayer. While being prayed for, my father saw a shining light come through his mouth twice, in and out.

After that, we went back to the hotel and the next morning, we went back to Singapore. Just two days later, the tumour in my father's neck was totally gone. Even the doctors were shocked.

Till today, my dad has no medical problem.

I believe that the Lord blessed my dad through Pastor Lim's prayer. I want everybody out there who reads this message to know that there is still a second chance for your happiness and health. I have seen it personally. **Trust and strong confidence in God is very important.**

I want to thank God for using Pastor Lim to pray for my dad's healing.

Both Jigeet Singh and his father, Naranjan Singh, were unbelievers who had never been to church before but they came for Friday overnight prayer at Prayer House because they wanted to receive healing. They were touched by God and that night, both father and son received Jesus as their Saviour and Lord.

Naranjan Singh began to witness about Jesus to everyone he met. Through his testimony, many others have been saved.

Wife Healed Of Parkinson's Disease
And Delivered From The Monkey God.
Chin Kai Sang**

Whenever it is Chinese New Year, I remember Pastor Jean and the Prayer House in Persiaran Duta, Kuala Lumpur. She was the one who led me to Christ in 1997 when my wife was ill physically, emotionally and spiritually.

When we were brought to Prayer House on the second day of Chinese New Year, my wife was in her worst condition. We worshipped idols and my wife had been dedicated to the monkey god when she was diagnosed as having Parkinson's Disease.

A few days before the festival, the evil spirits in her started to manifest but with the help of some church members (I was not a Christian then), almost everything was under control. Some days later, she manifested even more. However, most of her church friends, including the pastor, had gone back to their hometowns for the holiday.

In our helpless situation, God miraculously brought us to Pastor Jean with the help of two distant church friends. That really initiated my belief in Christ. As Pastor Jean ministered to my wife, God told her that my wife had unforgiveness in her heart and was under bondage in many other ways. **She explained to my wife the importance of forgiving, especially those who had hurt her.**

It was explained to me who Jesus Christ really is and how He died for our sins while we were yet sinners. I was also told

that Jesus Christ is the only true and living God and that only through Him can we have eternal life. Pastor Jean asked me whether I wanted to receive Jesus Christ as my personal Saviour. Initially I was quite reluctant but somehow, there was a strong urge in my heart drawing me to accept Him. Praise God, I did.

Our family began attending the prayer meetings at Prayer House every Monday night. We found it a peaceful place where the presence of God is so strong. In time, the evil spirits in my wife were driven out. Although she is not yet fully healed, she was delivered emotionally and we believe God will heal her completely one day.

As for me, my life has been tremendously blessed, especially my business. When Pastor Jean approached me to do some construction work in Nilai (I am a contractor), I was glad to offer my help. After the project was completed, I received many job offers, so much so that even during the national economic turmoil, I did not face many problems in my business.

I believe that God has control over my life and I am so grateful for that because I know I do not have the wisdom and strength to overcome the hurdles of life.

I admit I have weaknesses and bad habits which sometimes drive me away from God. Sometimes I fall into Satan's deception but somehow, God will always help me to rise up victoriously. I shall end with the words of God:

*He shall cover you with His feathers, and under His wings you shall take refuge; His truth shall be your shield and buckler.
(Ps 91:4)*

All glory to Jesus Christ, our Lord.

Afterword

Never in my wildest imagination did I ever think that I would one day be helping Jean Lim write her books. For one thing (believe it or not), I had not even heard of her until I went to the Station Of Life in Lahad Datu at end-1996. This is not to say that she was some obscure preacher in the 'ulu' somewhere because she was by then well-established in ministry and mightily used of the Lord even internationally.

I was the prodigal daughter straggling home by the grace of God after 20 years in the wilderness. There was so much to catch up on. Sis. Jean had asked God to send her an administrator and a writer. Who should turn up but my husband David Kwan (now administrator of Glory Place Prayer Centre Of Malaysia, Semarak Revival Centre and the Prayer Houses in Kuala Lumpur and Johor Bahru) and me (PA to Sis. Jean, driver, prayer partner, secretary, travel companion, editor, etc.)

We have learnt from her life and example that true prayer is touching the heavenlies, experiencing God and bringing His reality into the lives of others.

As it became clear that I would be involved in publishing what the Lord has taught Sis. Jean over the years, spiritual battle intensified. Ideas had flowed when I wrote advertising material but the smallest piece of Christian writing took me hours. My mind would either be severely oppressed or go blank.

I have to depend completely on the Holy Spirit every time and that means continual cleansing of my body, the temple of God (1 Cor 3:16-17; 6:19-20). Spiritual warfare is real.

Sis. Jean's books will expose the work of the enemy and glorify God. Many lives will be greatly blessed. We have broken through with this first book, basically a compilation but nevertheless God's liberating truth has been published.

All glory and praise to God.
